

Department of Mathematics, KUET, Khulna

at a glance

Mission

The department of Mathematics has basically two wings;

1. Support the requirements of different undergraduate students to develop skills for better understanding of their concurrent and subsequent studies especially in engineering sciences.

2. **The other one is its own postgraduate (M.Sc., M.Phil. and Ph.D.) student.**

➤ The Mission of the Department of Mathematics is

to produce the students with strong foundation to join advance research in various areas of mathematics.

to promote and perform research of the highest quality, motivated by both scientific curiosity and fundamental mathematics.

➤ to promote the multi- and inter- disciplinary needs.

Vision

The vision of the Department of Mathematics is to contribute the nation through **quality education and research** in Mathematics while promoting an environment in which students can develop a comprehensive and enduring understanding of the concepts of mathematics with the latest computational knowledge using modern equipments and to be a **centre of excellence**.

We envision an environment where every student is enthused about Mathematics, sees the value and beauty of Mathematics by the opportunities Mathematics affords.
